## RECOMMENDED WEB SITES FOR EARTHQUAKE INFORMATION

---

### **ShakeMap:**

Earthquake Ground Shaking Maps

<http://earthquake.usgs.gov/shakemap/>

### **Recent Earthquake Information:**

Current Earthquakes in California

<http://earthquake.usgs.gov/recenteqs/>

Did you feel it? – Community Internet Intensity Maps

<http://pasadena.wr.usgs.gov/shake/>

Current Earthquakes in Other U.S. Regions & Worldwide

<http://earthquake.usgs.gov/activity/>

### **General Earthquake Information:**

National Earthquake Information Center (NEIC)

<http://neic.usgs.gov/>

Earthquake Hazards, Probabilities & Preparedness

<http://earthquake.usgs.gov/hazards/>

Earthquake & Fault Maps

<http://earthquake.usgs.gov/products/maps.html>

Department of Conservation, California Geological Survey

<http://www.consrv.ca.gov/cgs/>

### **Local Earthquake Information**

USGS Pasadena Office

<http://pasadena.wr.usgs.gov>

USGS Northern California

<http://quake.wr.usgs.gov>

Information on California Faults & Past Earthquakes

<http://pasadena.wr.usgs.gov/info/hist-geo.html>

Southern California Earthquake Data Center  
<http://www.scecdc.scec.org>  
Northern California Earthquake Data Center  
<http://quake.geo.berkeley.edu>  
California Geological Survey, Strong Motion Program  
<http://www.consrv.ca.gov/cgs/smip/>

## **California Integrated Seismic Network Partner Organizations**

California Integrated Seismic Network  
<http://www.cisn.org/>  
Governor's Office of Emergency services  
<http://www.oes.ca.gov>  
University of California, Berkeley Seismological Laboratory  
<http://www.seismo.berkeley.edu/seismo/>  
USGS, Pasadena  
<http://pasadena.wr.usgs.gov/>  
USGS, Northern California  
<http://quake.wr.usgs.gov/>  
California Institute of Technology, Seismological Laboratory  
<http://www.gps.caltech.edu/seismo/>  
Department of Conservation, California Geological Survey  
<http://www.consrv.ca.gov/cgs/>
